SKIP THE GRILL  
XD NONSTICK SQUARE GRILL PAN  
\$144.95 SWISSDIAMOND.COM

Just because it's not warm outside, doesn't mean you can't enjoy grilled food. The Swiss Diamond Nonstick Square Grill Pan makes indoor grilling easy, effortless and enjoyable. The new and revolutionary XD diamond-reinforced nonstick coating was developed in our Swiss lab using an all-new coating formulation and production process, resulting in a more durable cooking surface and even better food release properties – featuring 20 percent more diamonds.

Unlike a real grill that needs to be oiled vigorously to prevent food sticking to the grates, the Swiss Diamond Square Grill pan is designed to be used with little to no oil or butter, providing lighter meals that encourage and healthier lifestyle. The PFOA-free diamond-reinforced coating, combined with the extra thick, cast aluminum body, maximizes heat transfer to eliminate hot spots. This creates a uniform heat distribution that not only conducts and transfers heat efficiently but also ensures you never need to use more than low to medium heat, reducing energy consumption.

Making a variety of grilled dishes from grilled pork tenderloin, to a summer grilled peach pizza to a grilled chicken Parmesan Panini, no recipe is off limits thanks to the excellent nonstick properties of this pan. Additionally, the comfortable, ergonomic handles are designed to stay cool on the stove top, and the pan is oven safe up to 500°F, making the transfer from stove-top to oven effortless and straightforward. The XD coating provides years of trouble-free grilled meals with easy and quick cleanup. After your done cooking, just wash off with warm water and soap, and even burned-on, sticky food particles are removed in just a few simple wipes.
